

The COVID-19 vaccine is coming!

The COVID-19 vaccine is an important tool to help stop the spread of the virus.

What you need to know about the vaccine:

- ▶ It is safe and effective.
- ▶ It helps protect you from the COVID-19 virus.
- ▶ It is injected into your arm muscle.
- ▶ You will get two doses, one month apart.

Clinics are coming soon:

When: _____

Where: _____

This clinic is by appointment only.

Please do not present to the clinic location if you've not been contacted.

Keep wearing your mask, physical distancing from others, and washing your hands.
