Public Health Sudbury & Districts’ detailed COVID-19 vaccination report

The information presented in this update shows all vaccines in Sudbury and Districts as of December 13, 2021 at 4 p.m., including those administered by primary care, pharmacies, hospitals, First Nations and other partners.

Vaccine administration

> Total doses administered **338,850**.
  > 230,436 of Pfizer
  > 104,614 of Moderna
  > 3,800 of AstraZeneca
> 164,882 people have received their first dose of the COVID-19 vaccine and 155,797 people have been fully immunized. 18,171 people received a third dose of vaccine.
  > 84.4 % of eligible residents (5+) have received their first dose and 79.5 % are fully immunized.
  > Provincially, these figures are 85.7 % and 80.9 %, respectively.
> 80.7% of the total population of Sudbury and districts have received their first dose and 75.9% have been fully immunized.
  > This means that there are over 49,300 residents who are not fully immunized.
> 1,598 vaccination events have taken place in Sudbury and districts since January 1, 2021.
  > 69 in the Chapleau area
  > 89 in Sudbury East
  > 151 in the Lacloche Foothills (Espanola) area
  > 197 on Manitoulin Island
  > 1,092 in the Greater Sudbury area
> 326 adverse events following immunization (AEFI) have been reported.
  > 144 for Moderna
  > 164 for Pfizer
  > 13 for AstraZeneca
  > 5 vaccine brand not determined
> 963 doses of COVID-19 vaccine have been reported as waste.

> This waste represents 0.28% of the overall doses administered.
