Accolades...

“I have to say that **in the 14 years of doing this work, I have almost never heard my patients describe any health care experience in glowing terms.**”

“The staff of SDHU along with the staff from Shkagamikwe Health Centre were **absolutely amazing. They treated him with such respect.**”

“It is greatly appreciated that staff and volunteers recognized and acknowledged our client’s needs. The staff members **were patient, kind, considerate and adaptive towards our clients.**”

“**Thank you for the empathetic and professional service.**”

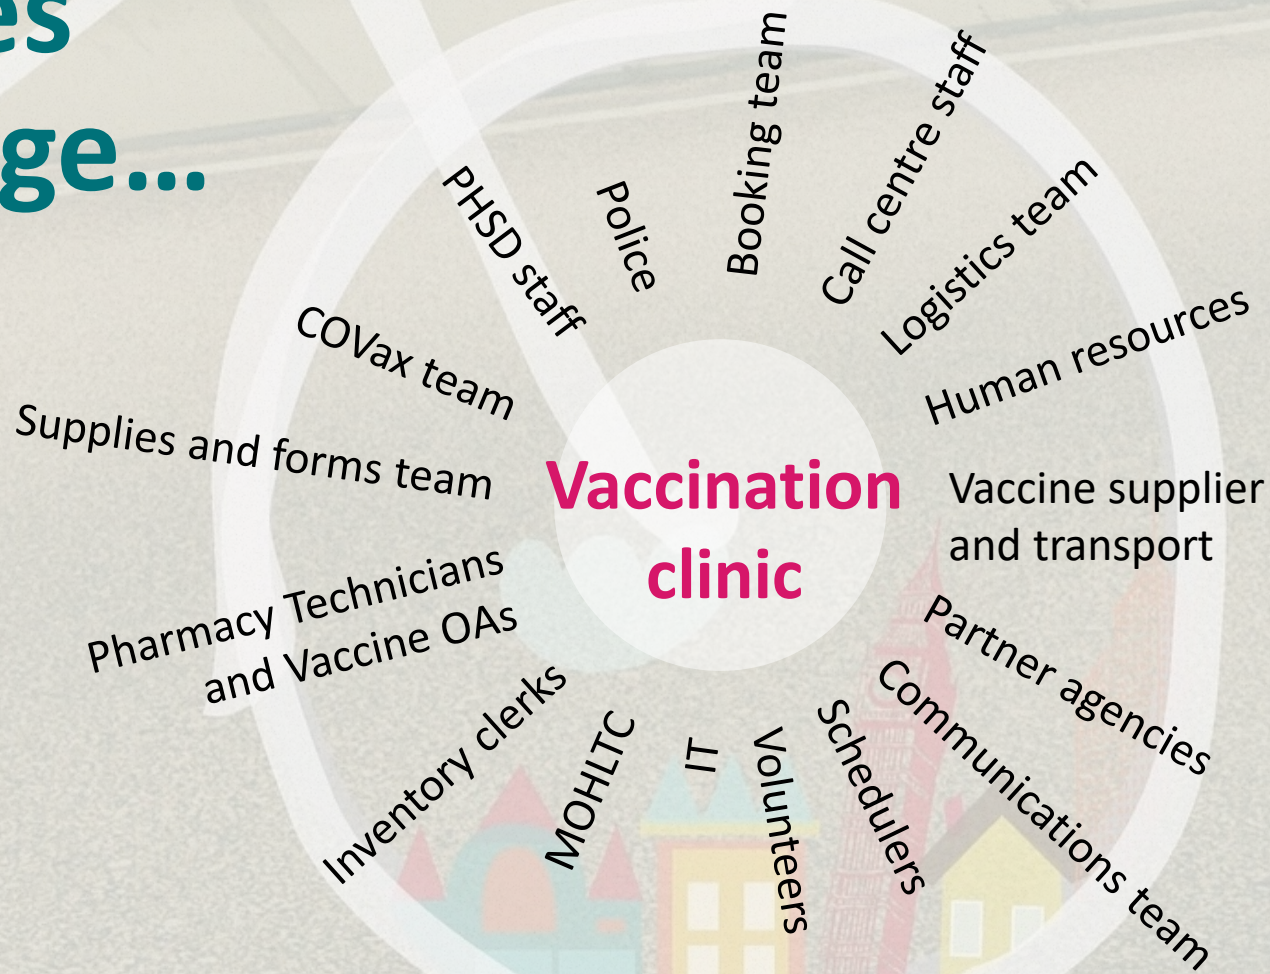

“Just a big *****THANK YOU***** to all of you at Public Health.”

“From the staff who greeted me in the parking lot, to the staff who bid me good bye as I walked out of the arena, the whole process was conducted in a **courteous, professionally co-ordinated and time effective manner**, leaving me with a very positive experience.”

“It is so well organized from the moment you arrive until the moment you leave. **ALL the staff were so friendly; positive; and very kind.** Thank you to one and all for ALL you continue to do to keep us healthy and safe. You are very much appreciated!”

“Yesterday my elderly parents received their vaccination. It has been extremely worrisome for my family and the relief we now feel is remarkable. **The process at the vaccination centre was seamless and your staff could not have been more helpful.**”

It takes a village...

A vaccinated client is a happy client
